***Chain Wide Blood Drives Help Maintain Stable Blood Supply for Summer
Summer Schedule Includes more than 25 Blood Drives in the Tri-State Area Open to the Public***

Media, Pa. (July, 2009) – This Summer, from **July 14th until August 31st**, Wawa is making a difference in the community by hosting more than 25 blood drive sites in four of our operating states (PA, NJ, MD, and VA). Our goal for this year is to raise 2,000 pints of blood and to help The American Red Cross maintain a stable blood supply during the critical summer season.

Wawa Associates have supported the American Red Cross blood drives for more than two decades. During the past five years, more than 10,000 pints of blood have been collected at Wawa's chain wide blood drives. Wawa's blood drives are open to the public. They are staffed by Wawa volunteers, who give of their time, and they donate their blood for this important, life-saving effort; a single blood donation can help as many as three people. As an added incentive, all donors will receive a coupon for a free pint of Wawa's 100% Juices.

The whole process of giving blood takes about an hour to an hour and a half. The donation itself is only about ten minutes. If you are not eligible to give blood, please recruit a friend, relative or customer. Most healthy people who are at least 17 years of age and weigh 110 pounds or more are eligible to donate blood every 56 days. Remember to drink plenty of fluids before your appointment. Donors must bring the appropriate photo identification, such as a driver's license or American Red Cross donor card. Afterwards, your blood donation is brought back to the American Red Cross where it is tested and separated into components.

Remember – your blood donation is needed, it will touch someone's life! One pint of blood can save three lives. Your blood could save the life of a cancer patient, a teenager who has been in an accident or a premature infant. See the attached Wawa Blood Drive schedule and sign up to save a life!

About Wawa, Inc.

Wawa, Inc., a privately held company, began in 1803 as an iron foundry in New Jersey. Toward the end of the 19th Century, owner George Wood took an interest in dairy farming and the family began a small processing plant in Wawa, Pa, in 1902. The milk business was a huge success, due to its quality, cleanliness and "certified" process. As home delivery of milk declined in the early 1960's, Grahame Wood, George's grandson, opened the first Wawa Food Market in 1964 as an outlet for dairy products. Today, Wawa operates more than 560 stores in Pennsylvania, New Jersey, Delaware, Maryland and Virginia.
